

Chemistry Teacher International. Best Practices in Chemistry Education (CTI) is a peer-reviewed open-access journal published by the Committee on Chemistry Education of IUPAC and supported by the Division of Chemical Education of EuChemS. The journal aims to be a platform for teachers of all levels, focusing on researchers in chemistry education.

The objectives of the journal are:

- ▶ Bridging the gap between research and education
- ▶ Creating a platform for all IUPAC activities in the field of education
- ▶ Building an international journal not linked to a specific area or nation

Journal Impact Factor: 2.2 | CiteScore: 3.1
